

Make the switch to business inkjet

Our research and development allows us to deliver innovative, precision technologies featuring multiple energy-saving features.

WorkForce Pro inkjet printers have no warmup time, unlike comparable laser devices.

Discover the advantage at www.epson.co.uk/advantageinkjet

1 In independent tests, Epson's WorkForce Pro RIPS models cut time spent on interventions by up to 98% compared to lasers and laser copiers. As tested by BLI, over two months to Feb 2015, against a selection of competing machines, as commissioned by Epson. For more information visit www.epson.co.uk/inkjetsaving.

2 Epson WorkForce Pro WF-C8190DW uses 95% less energy than the HP Color LaserJet Enterprise M750dn, the highest-selling model in the A3 colour single-function 21-30ppm printer segment as reported by IDC Q3 2015 to Q2 2019. Methodology verified by TÜV Rheinland, based on 'Typical Energy Consumption', defined under the Energy Star test procedure and presented in kWh per year.

3 As tested by BLI, over two months to Feb 2015, FPOT (First Page Out Time) from overnight sleep, against all competitive machines tested at time of publication. For more information visit www.epson.co.uk/inkjetsaving.

EPSON[®]
EXCEED YOUR VISION

Epson's commitment

For over 40 years, we have been a major player in professional printing, with a firm focus on innovation for the future. Today, we are committed to eco-responsible printing.

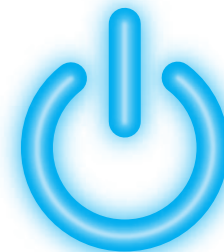

Why choose between a better business and a better planet?

Making the switch to energy-efficient technology is an easy first step towards both. Our PrecisionCore inkjet technology is optimised for business, allowing our devices to provide you with a number of advantages, including:

Increased productivity

Reduced energy consumption

Less waste

Up to
98%
less user
intervention¹

Up to
95%
less energy²

Up to
3.5x
faster³

The benefits of Heat-Free Technology

Save time with consistent
high speed printing

Less power consumption saves
energy and money

Fewer replacement parts, lower
environmental impact

Less intervention increases
productivity
